## General Local News.

LYCURGUS BARRETT, Local Editor.  
WEDNESDAY, AUGUST 23, 1876

We regret to learn that Miss Florence Stevens, of Beaver Dam, is lying quite ill with typhoid fever.

MR. DILLIS WISE, of Rockport, died of typhoid fever last Thursday. He was an excellent young man, and had a bright future before him. He was the stay and protection of his aged parents, who mourn his loss deeply.

JOHN S. NEWCOMB, living 4 miles North of Hartford, on the Haverhill road, has tobacco in his present growing crop the leaves of which measure 35 inches long and 25 inches wide, and are still growing. Who can beat it?

ATTENTION is directed to the advertisement of Bethel College in this issue. This is an old and well-deserving institution, and young men desiring to attend school could do no better than to attend this college.

JUST RECEIVED.—Our Fall and Winter stock of Dry Goods, Clothing, Boots, Shoes, Hats, Caps, &c.

L. ROSENBERG & BRO.

Do not fail to read the interesting items from Paradise on first page of this paper. The people of that vicinity should consider themselves fortunate in having such a rare correspondent in their midst, and join with us in the hope that he will let us hear from him often.

CORRECTION.—In our reply to Mr. Woodward's letter last week a mistake occurred. Mr. Hubbard's name appearing in connection with Mr. Rosquet when it should have been Mr. Hudson. We cannot help mistakes happening sometimes, especially when we are away from home when the proof is taken.

THE barbecue given by the colored people near here last Saturday was very well attended, and passed off rather more orderly than such occasions generally do—there was only one disturbance during the day. Hon. O. P. Johnson made them a political speech in behalf of Hayes and Wheeler. So far Mr. Johnson has been the only man that has spoken publicly in this county for that ticket.

MR. H. K. WELLS, of Millwood, Grayson county, will run an excursion train from Owensboro Junction to Louisville next Sunday. There will be no mistake about it. See advertisement elsewhere in this issue. Those who go cannot do better than stop for dinner at the Central Hotel, corner Seventh and Market streets, where they can get a good dinner for 50 cents. The proprietors and clerks are polite and attentive, and make all their guests feel at home. Take our word for it this time, and don't fail to stop at the Central.

HARTFORD SEMINARY.—Prof. M. McIntyre will commence a school at the above place on Monday, fourth day of September, 1876. He will be assisted by Miss Sallie Peyton, who, it is needless for us to say, is an excellent teacher, and always gives satisfaction. Prof. McIntyre has pleased his many patrons here as well as any other teacher could be expected to do. For terms and particulars see programme and also announcement in this issue.

No Humbug in This.

The cheapest bargains ever offered in Hartford can now be had at E. Small's Trade Palace. The present stock must and will be sold out to make room for the immense new stock of Fall and Winter goods now being purchased by Mr. Small in the Eastern market, and which will begin to arrive about the first of September. Heed this warning, and do not let this excellent chance slip, but call at once and avail yourselves of such a rare opportunity to buy so much with so little money.

**Man Killed.**  
Mr. John S. Moore killed Mr. Jno. W. Stearnan at the former's residence on last Saturday morning. Both parties live near Ceralvo, in this county. Some few days ago Mr. Moore and Stearnan's son went to mill together, and Stearnan charged that Moore got more than his share of the grist, or that he got a sack of flour that rightly belonged to him (Stearnan). He had been over to Moore's twice before to see about it, and this time they got into a quarrel about it, which finally resulted in Moore's shooting Stearnan, and killing him.

Moore was arrested and lodged in jail here Saturday evening, and on Monday was taken to Ceralvo for examining trial. He employed Messrs. Walker & Hubbard to defend, and Mr. Walker being absent at Elizabethtown, he was dispatched for and the case continued till to-day, when it will take place at Ceralvo.

We are not prepared to express our opinion as to whether Mr. Moore was justifiable or not, and would not express an opinion about it anyway, but await the action of the law to decide that matter for us.

**Good Templar's Convention.**  
The Ohio county convention of the Independent Order of Good Templars will meet at Buford, on Friday and Saturday, 8th and 9th of September, 1876. George W. Bain, G. W. C. T. will be present, and lecture, also other distinguished speakers are expected.

**Grand Excursion.**  
An excursion train will start from Owensboro Junction to Louisville on Sunday morning, the 27th inst., at 3 o'clock a. m., stopping at all intermediate stations to take on passengers, and leaving Louisville the same evening at 5 o'clock. Fare for round trip, \$1.50 in passenger coaches, and \$1.00 in excursion cars. The excursion will be under the management of Mr. H. K. Wells, of Millwood, and we promise all participating the best time possible, as Mr. Wells says the strictest order will be observed and enforced on the cars going and coming. Excursionists will have seven or eight hours to enjoy themselves in the city.

**Public Speaking at Rosine.**  
Hon. O. P. Johnson will speak at Rosine next Saturday in behalf of the Republican Presidential ticket. The citizens of Rosine and vicinity have almost unanimously requested Prof. W. B. Hayward to attend and take care of the interest of Tilden and Hendricks, which he is well able to do. Mr. Johnson desires and will expect Prof. Hayward to be on hand. Let the people all turn out and hear these champions of their respective parties. Speaking commences at one and half o'clock.

THE Grayson Journal changed hands last week. S. L. Harrington retiring and N. C. and M. B. Tilford assuming the editorial management and proprietorship of the paper. We feel confident that the readers of the Journal will get a new little paper under its present management.

**Real Estate Transfers.**  
The following Real Estate transfers have been lodged for record since our last report, viz:  
H. D. McHenry to C. G. Crowder & Co., lot in Rosine, \$25.00  
Wm. C. Rowan to Joseph Crow, 100 acres on Rough creek, \$500.00

**Marriage Licenses Issued Since Last Report.**  
George Vaughn and Miss Josie Hawes.  
J. M. Latham and Miss Rachael Lewis.  
Jordan W. Morris and Miss Lavina Bolling.  
Wm. M. Hunter and Miss Martha Bails.

A pickpocket, working in a crowd one, dark night, relieved one man of a well filled envelope that he thought might possibly contain some valuable papers. When he came to examine it he found it to be a "Domestic Paper of Fashion."

**The Teachers' Institute.**  
BEAVER DAM, August 17, '76.  
Editor Herald:  
The Ohio county Teachers' Institute, under the superintendence of Commissioner W. L. Rowe, met in Beaver Dam Church on Tuesday morning, 15th inst., and closed this evening, after a very interesting session.

The church had been tendered to Commissioner Rowe by the Trustees—a kindness which the teachers heartily appreciated, and for which they return heart-felt thanks.

The meeting was called to order by the Commissioner at 10 o'clock, who, after delivering some appropriate remarks, called upon Prof. O'Flaherty, who delivered a pointed and forcible address upon the objects of teachers' institutes. The professor made a lively hand the first day, and his absence the two succeeding days was very much regretted by all.

The exercises were devoted to the common school course, and the different methods of teaching those branches, exhibited by the various teachers, excited quite a lively interest—amounting at times to a lively discussion, participated in by Prof. O'Flaherty, Messrs. W. B. Rowe G. M. Rowe, A. W. Davidson R. P. Rowe and others.

Judge Baird, being in attendance as a visitor, delivered an impromptu address on the evening of the second day, which was well-timed and appropriate, and appreciated by the teachers with more than ordinary interest, coming as it did from an old educator, and from one of so varied and extensive information.

The third day was made more interesting by the presence of Prof. W. B. Hayward, whose appearance had been looked for eagerly by all.

He occupied a great portion of the forenoon with a lecture on Elocution, which to be appreciated must be heard. His select readings were also inimitable, holding as it were the audience spell-bound with delight and interest.

Mr. E. C. Hubbard, being present, and being called upon, delivered an able lecture on the evening of the third day, subject, "Genius and Industry." The address was practical and appropriate, and listened to with profound attention. The pen of your correspondent falters in the attempt to do justice to the address, and he will simply say, to be appreciated, the lecture must be heard.

The exercises of the Institute were brought to a close by the reading of the "Bells" by Prof. Hayward, followed by vocal music and a few remarks by the Commissioner. An announcement was made for a lecture by Prof. Hayward at 8 o'clock p. m.

Resolutions of thanks were cordially voted by the teachers to Prof. Hayward and Mr. Hubbard for their able lectures, to the Secretary for his services, and to the Trustees of Beaver Dam Church for the use of the house.

Quite a large audience gathered to hear Prof. Hayward's address at night, which was quite an intellectual treat.

The annual meeting of the teachers has been a pleasant, and it is hoped a profitable one. The attendance has been large, 58 teachers having been enrolled. Mr. S. F. Kinnemond, from Butler, and Mr. J. B. Henry and Misses Lucy and Ella Henry, from Daviess county, were the visiting teachers in attendance. Among other visitors were Judge Baird, Mr. and Mrs. Sam E. Hill, E. C. Hubbard Mrs. W. L. Rowe, and a large number of the citizens of the community.

The commissioner has endeavored himself to the teachers of the county by his uniform courtesy to all, and to the friends of education generally by his zeal and industry in the cause of common schools. A resolution of thanks was cordially voted him by the teachers.

By a united effort on the part of the commissioner and the district trustees, it is to be hoped that the cause of education will be advanced more rapidly in the future. Teachers should also remember that they are assuming responsibilities which are not trivial in their nature. And in assuming the teachers' position, they place themselves under bounden obligations to exercise all diligence and industry in trying to raise the standard of education. When another year has hurried back into the eternity of the past, may they all meet again, with good reports of their labors, and with a consciousness of having done well their work.

**CONSUMPTION CURED.**  
An old physician, retired from active practice, having placed in his hands by an East India Missionary the formula of a simple Vegetable Remedy, for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and Lung Affections, also a Positive and Radical cure for Nervous Debility and all Nervous Complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge) to all who desire it, this recipe, with full directions for preparing and successfully using. Sent by return mail by addressing with stamp, naming this paper.

Dr. W. C. STEVENS.  
Moorock Block, Syracuse, N. Y.

**Malarial Regions.**  
The inhabitants of malarial districts, who are constantly breathing an impure and poisoned atmosphere are subject to lingering and malignant and fatal diseases, such as Ague, Typhoid Fever, and Yellow Fever and Asiatic Cholera. In many sections of the western country almost every one is subject to chills and fever, an ailment most difficult to cure. The unhealthy effects of living in such malarial sections are destroyed by the free use of Dr. RADCLIFF'S SEVEN SEALS OR GOLDEN WONDER. This standard remedy is unequalled for the prevention and cure of the class of diseases prevalent in low and marshy lands, and being a purely vegetable preparation, can be used in any quantity without danger to the system.
